ABOUT THE INSTITUTE

Bharati Vidyapeeth College of Pharmacy at Kolhapur was inceptioned in 1996 under the dynamic leadership and vision of Honorable Dr. Patangrao Kadam, Founder of Bharati Vidyapeeth and also Founder and Chancellor of Bharati Vidyapeeth Deemed University, Pune. He foresighted the need for a good pharmacy institution in Kolhapur to cater to the needs of the people in this district area and the adjoining Konkan belt. The spacious college building, the laboratories, rich and resourceful library and all the amenities took shape under the able and dynamic guidance of Dr. Shivajirao Kadam, Vice chancellor, Bharati Vidyapeeth Deemed University, Pune and who pioneered and lead the foundation of pharmacy education in the University of Pune by setting up Poona College of Pharmacy Pune. As quoted by some eminent personalities in the Pharma-profession the pharmacy college building is in the reckoning as one of the best planned pharmacy college buildings in Asia. With persistent guidance from Honorable Vishwajeet Kadam, Secretary, Bharati Vidyapeeth Pune, college has developed into one of the best pharmacy institutes in the state. Currently this institute is offering Diploma Programme (D. Pharm.), undergraduate program B. Pharm, post-graduate program (M. Pharm) in Pharmaceutical Chemistry, Pharmaceutics and Pharmaceutical Quality Assurance and doctoral (Ph. D.) program. All the courses are recognized by Pharmacy Council of India (PCI) and Approved by AICTE; affiliated to Shivaji University, Kolhapur and Maharashtra State Board of Technical Education.

Research Policy

The institute is dedicated to helping staff and research students do their work in a fair and honest manner, and it works toward reaching and upholding these standards.

In order to create and maintain a vibrant research environment, the institute works to:

- Create a favorable atmosphere by encouraging and supporting innovative research activity.
- Promote scientific aptitude, temperance, and research culture.

- Foster an interdisciplinary approach to research by instilling scientific method and creative thinking in all scientific areas.
- Adhere to strict ethical guidelines both inside and outside the study process.
- Encourage industry-academia collaboration through cooperative research consulting.
- Establish a forum for sharing research results and transform outcomes to applications and products for resource generation.
- Promote the mobilization of resources and the development of capacity to support superior research.

Guidelines for the Promotion of Research Projects, Joint Collaborative Initiatives, and Consultancy Activities in Academic Institutes, Industries, and Departments.

1. Research activities are a great way for academics and students to advance their technical expertise.
2. The faculty members ought to engage in cooperative initiatives and advisory work within their areas of specialization.
3. Faculty members need to find appropriate industries to contact and provide their own research plans together with the appropriate NDA.
4. The faculty should build a network with organizations and businesses to find possible joint research partners.
5. The institution should sign the Memorandum of Undertaking (MOU) or agreement that specifies the terms and conditions for completing the task in such circumstances (collaborative work).
6. When it comes to consulting work, the tasks can be assigned to investigators or departments that have the necessary field of competence.
7. It is important to exercise caution (as outlined in the MOU) to reduce and prevent liability, conflicts of interest, and legal risk for the faculty and the institute.
8. To optimize output, the institute's R&D resources (laboratory, library, instrumental, and structural) should be used to their fullest potential.

Bharati Vidyapeeth College of Pharmacy, Kolhapur

Website: <http://copkolhapur.bharativedyapeeth.edu>

9. When it comes to ownership of inventions under a collaborative program, the MOU or Agreement should be transparent and clear.
10. It is advisable to support faculty members in their roles as co-guides and guides for observing research activities.
11. The faculty should receive assistance or guidance from the R&D cell when submitting research projects to get grants from different funding organizations.
12. To give teachers and students the chance to improve their skills, internal training sessions should be held on a regular basis.
13. The CPCSEA and OECD guidelines should be followed when conducting animal experiments in order to uphold ethical standards.
14. At least one research paper published in reputable national and international journals must be completed by each faculty member supervising M.Pharm students for their dissertation work.
15. When teaching PhD students, instructors should make sure that each student publishes two research papers in recognized national and international journals.
16. Research projects with an emphasis on interdisciplinary and multidisciplinary approaches should be encouraged for faculty members.
17. The R&D cell ought to arrange training sessions, conferences, and workshops to support its academic and research endeavors. Teachers ought to take part in and share their research findings at different national and international conferences and workshops.
18. Should the research output be patentable, the institute will help with the necessary IP filing.
19. These intellectual property rights must be filed through the institute, or they may be filed individually with the relevant authorities' prior consent. Maintaining transparency and clarity is important.
20. The following activities must be implemented in order to foster in the students a research culture, aptitude, and scientific temperament.

Guidelines for implementation of the Funded Research Projects

1. To facilitate the smooth conduct of research work, the institute has provided a separate bank account for research projects funded by various bodies (SUK, AICTE, and industries).
2. To ensure the smooth execution of projects approved by SPPU, Pune, an Academic and Research Coordinator (ARC) is appointed.
3. The institutional stores must receive requests for approval or purchases of laboratory chemicals, consumables, instruments, etc. from the Principal Investigator (PI) and Co-investigator.
4. The institutes also give the principal investigators freedom to use the contingency funds to buy the appropriate supplies to complete the research project.
5. To ensure that grants are released on time and that the project is replicated, the ARC should coordinate with multiple bodies.
6. As mandated by the sanctioning body, the PI/co-investigator must timely submit the report of work completed along with an audited statement of expenditures.
7. Upon completion of the research project, the principal investigator (PI) or co-investigator should send the funding authorities the final report of work completed along with a certificate of utilization.
8. To optimize the output produced, the institute will support the PI by offering the facilities and resources (instrumental, library, and structural) that are available within the institute.

PREAMBLE:

BHARATI VIDYAPEETH COLLEGE OF PHARMACY, KOLHAPUR (here after referred to as 'BVCPK') is an academic Institute dedicated to excellence in teaching and research. Its activities, centered on faculty/students/project staff/ supporting staff/visitors are based on knowledge and intellectual exercise. In the era of technology domination, where values and perceptions change at brisk pace, BHARATI VIDYAPEETH COLLEGE OF PHARMACY, KOLHAPUR, in particular, has to preserve the fundamental spirit of academics on one hand and has to march ahead, on the other, accepting changing realities of business economy based on knowledge generated, protected and disseminated under the intellectual property regime. In the evolving scenario of the world today, with increasing awareness of the 'knowledge asset', an Intellectual Property Rights (IPR) Policy is needed not only to preserve the interest of BVCPK but also to make BVCPK faculty/students /project staff/ supporting staff/ visitors aware of 'knowledge asset and its impact on the society. The present policy facilitates protection of the right of the Inventor(s) of BVCPK i.e. faculty/students /project staff/ supporting staff /visitors of BVCPK through the option of Intellectual property protection on a novel work or to keep it in public domain as they may deem fit. In alignment with the Vision and Mission of BVCPK, the policy favors outreach of the novel technologies developed at BVCPK. At the same time, it motivates the faculty, students and researchers of BVCPK to initiate technology transfer using the intellectual property rights gained over a novel substance/product/technology. In today's knowledge based economy, **translational research** sectors are fast emerging and are also being promoted by BVCPK. The present policy intends to take into consideration the **translational research** by BVCPK faculty/students /project staff/ supporting staff, its conservation, deposition and use of

natural resource based traditional knowledge as per the Indian statutory IP regime.

OBJECTIVES:

The objectives of this policy document are as given below:

- To foster, stimulate and encourage creative activities in the widest sense in all the areas in which academic, consultancy and research programs are offered by BVCPK.
- To protect the legitimate interest of faculty/scholars/students of BVCPK and to avoid as far as possible conflict of opposing interests.
- To lay down a transparent administration system for the ownership and control of intellectual properties and sharing of the revenues generated and owned by BVCPK.
- It shares a global perception of practices related to intellectual property retaining national identity and local constraints, avoiding as far as possible 'conflict' of opposing interests,
- The policy promotes fair use of traditional knowledge while recognizing local traditional knowledge stakeholders and benefit sharing.

Website: <http://copkolhapur.bharativedyapeeth.edu>

- II. The Inventions created by BVCPK personnel, without using BVCPK resources and created outside their assigned/normal duties/areas of research /teaching shall be co-owned by the creators and BVCPK Group of Institution and the revenue generated out of such creations shall be shared in the ratio of **60:40** between the creator and the Institute respectively.
- III. If any Patent has emerged as a result of an Institutional/Industrial consultancy, sponsored to BVCPK the concerned industries and BVCPK shall own the Patent. This however will not apply to that Patent that are covered under specific MoU's where the action shall be carried out as per the provisions of the MoU's.
- IV. If the Patent is are salt of funds sponsored by an outside agency, then the Patent will be shared between BVCPK and the sponsoring agency on case by case basis, as per MoU/Agreement/Undertaking between BVCPK and the outside agency.

Inventor/Author/Ownership

- Inventors/Authors will own intellectual property when:
 - None of the situation defined above for BVCPK-ownership of intellectual property applies.
 - It is created outside their normal area of research/teaching, for example, popular novels, poems, musical compositions, or other works of artistic imagination, without the use of significant institute resources.
- Students will own copyright on thesis/dissertation created as a part of their

academic programs. However, the student must grant to BVCPK royalty-free permission to reproduce and distribute copies for teaching and research as well as for dissemination for teaching and research to other academic institutions.

- Ownership of software code, patentable subject matter and other intellectual property contained in the thesis/reports are subject to conditions specified under BVCPK –ownership and Inventor/Author ownership.

Trade and Service Marks

Trade and service marks related to goods and services involving BVCPK will be owned by BVCPK. Use of BVCPK's name through trademark makes users obligated to certain standards and accountability.

Third-Party Ownership

- I. Ownership of intellectual property resulting from:
 - a. Funds provided partially or fully by a third-party to BVCPK will be governed by specific provisions in the contract between the third-party and BVCPK.
 - b. Exchange programs between BVCPK and other institutions will be governed by specific provisions in the contract between the third-party and BVCPK.
 - c. In case no such specific contract exists, IPR will remain with BVCPK.
- II. In cases of all IP produced at BVCPK, BVCPK shall retain a non-exclusive, free, irrevocable license to copy/use IP for teaching and research activities, consistent with

confidentiality arguments where ever entered by BVCPK.

- III. In cases where an IP is created by BVCPK personnel, fully or as a part of the team, during deputation, official leave, or sabbatical, the concerned BVCPK personnel should officially communicate the IP to BVCPK. If the IP involves ideas/software developed, fully or in part, using significant institute resources, then the IP will also be owned by BVCPK fully or partially, as the case may be.
- IV. Filings of IP Applications in foreign countries: If inventor(s) wish application will be filed in foreign country parallel to its filing in India. If BVCPK opts not to undertake such protection in any specific country requested by the inventor(s), BVCPK will assign rights of the IP in that country other inventor(s) for the purpose of such protection. BVCPK or Attorney can be approached for such protection.
- V. Renewal of IP rights: A decision on the annual renewal of IP rights will be taken by a committee constituted by the Chairman of IPR cell. If BVCPK decides not to renew the IPR in any country, then it will assign the rights of the IP in that country to the inventor(s) upon request to that affect from the inventor(s). In case of patents, the process of reassignment will be completed in a period of three months before the due date for its renewal.
- VI. In all cases where IP rights in any specific country have been reassigned to the inventor(s), BVCPK will not claim any share of proceeds earned through that IP in that country excepting for the costs already incurred by BVCPK.

Disclosures, Confidentiality and Assignment of Rights

- For sponsored and/or collaborative work the provisions of the contract pertaining to

Website: <http://copkolhapur.bharativedyapeeth.edu>

disclosure of IP are applied.

- For all other IP produced at BVCPK, the inventors will be required to disclose their IP to the IPEC (Intellectual Property Evaluation Committee) at the earliest date using an IPDF (Intellectual Property Disclosure Form).
- It will be mandatory for students to submit an IPDF, countersigned by their supervisor(s), at the time of filing their PhD thesis or any other degree offered by University.
- The inventor shall assign the rights of the disclosed IP to BVCPK before leaving the institute and will agree to the terms and conditions for the sharing of any financial benefits received by the institute by commercialization of such IP.
- Having made the disclosure, the inventors, both BVCPK and non- BVCPK personnel, shall maintain confidentiality of the IP during the period it is pending with BVCPK for the assessment of the possibility of commercialization and protection of IP, unless authorized in writing by BVCPK.

Evaluation of Intellectual Property

- I. Evaluation of Intellectual Property will be done by the IPEC (Intellectual Property Evaluation Committee) nominated by the Principal.
- II. Evaluation of IP means:
 - a. Assigning ownership of IP.
 - b. Determining whether an IP is innovative and fit for filing in India and foreign countries.
 - c. Determining whether the IP has a reasonable chance for commercialization.

Bharati Vidyapeeth College of Pharmacy, Kolhapur

Near Chitranagari, Kolhapur-416013, Maharashtra, India.

Website: <http://copkolhapur.bharativedyapeeth.edu>

- III. After evaluation of IP, if BVCPK decides not to take the responsibility for the protection of the IP, then it will assign all the rights of the IP to the inventors.
- IV. Even in such cases, as in (III), BVCPK may take the responsibility of facilitating protection of the IP on case by case basis.
- V. A decision on the annual renewal of IP rights will be taken by the IPEC. If BVCPK decides not to renew the IP, fully or partially, then it will assign the rights of the IP, wherever relevant, to the “inventors.”

Maintenance of IP:

- I. For the inventions developed at BVCPK and the inventors who wish to protect the invention, it is mandatory that the creator has to disclose the creative work by using an Invention Disclosure Form (IDF).
- II. The inventors shall assign the rights of the disclosed invention to BVCPK. All IP related information that is disclosed to BVCPK is confidential.
- III. Confidentiality shall be maintained till the dates stipulated in the contract between the concerned parties. Once the IPR is ensured, the inventor/creator is encouraged to publish the work in the interest of general public.

Commercialization

- I. BVCPK shall market the IP and identify potential licensee(s) for the IP to which it (i) has ownership and (ii) for which rights have been assigned to it.
- II. For the IP where exclusive rights have not already been assigned to a third party, the inventor(s) may also contact potential licensee(s) on their initiative maintaining confidentiality and taking all necessary care to ensure that the value of the IP is not affected.

Bharati Vidyapeeth College of Pharmacy, Kolhapur

Near Chitranagari, Kolhapur-416013, Maharashtra, India.

Website: <http://copkolhapur.bharativedyapeeth.edu>

- III. If BVCPK is not able to commercialize the IP in a reasonable time then the inventor(s) may approach BVCPK for assignment of rights of the invention(s) to them.

Infringements, Damages, Liability and Indemnity/Insurance

- I. As a matter of policy, BVCPK shall, in any contract between the licensee and BVCPK, seek indemnity from any legal proceedings including without limitation manufacturing defects, production problems, design guarantee, up gradation and debugging obligation.
- II. BVCPK shall also ensure that BVCPK's personnel have an indemnity clause built-into the agreements with license(s) while transferring technology or copyrighted material to licenses.

Fees:

BVCPK will pay the IP fees in all cases when IP is taken by BVCPK. If it is a joint patent with sponsoring agency/Inventor(s), then the patenting cost will be mutually discussed and agreed depending on the type of IP.

If the other party does not show interest in such process, BVCPK can either continue the IP by paying the fees for its full term or withdraw application for the patent protection, at its discretion.

Transfer of IP:

BVCPK shall strive to identify potential licensee for the IP to which it has ownership. Generally creators are expected to assist the transfer of IP in case the IP has not been

Bharati Vidyapeeth College of Pharmacy, Kolhapur

Near Chitranagari, Kolhapur-416013, Maharashtra, India.

Website: <http://copkolhapur.bharativedyapeeth.edu>

obtained in the name of the Institute. BVCPK may contract IP to any of the technology management agency which manages the commercialization of IP. If exclusive rights of IP have not been assigned to the third party, creators may enter into a contract with any potential licenses on the initiative maintaining confidentiality and taking care through Non-Disclosure Agreement with the concurrence of BVCPK. The inventor/creator has the first right on the terms and conditions that are agreeable by BVCPK

Revenue sharing:

60 % (sixty percent) of the total revenue (lump sum payment, or any other form) accruing from the commercial exploitation of IP owned by BVCPK shall be credited to BVCPK. 30% of the revenue shall be credited to Inventor/Creator. Out of the BVCPK's share, 40% shall be transferred to the Department concerned towards encouraging research and development. 10% may be transferred to IP CELL for carrying out IPR related activities. The rest 10% will be allotted to the Centre for Professional Development Education

The net earnings from the commercialization of IP owned by BVCPK would be shared as follows:

Case	Tenure	Inventor(s)	GMCOE's Share	Service Account*
1	For the First Three Years	60%	30%	10%
2	After 3 Years	40%	50%	10%

* Money may be used for the promotion and up gradation of the invention. Unused funds from the service account will be used for promotion of commercialization, IP protection and any other related activities.

1. It is suggested that amount Q be initially fixed at Rs.25 lakhs. The inventor(s) share would be declared annually and disbursement will be made to the inventor(s), their legal heir, whether or not the inventor(s) are associated with BVCPK at the time of disbursement.

2. Co-inventors of IP shall sign at the time of disclosure, a distribution of IP Earnings' Agreement, which shall specify the percentage distribution of earnings from IP to each co-inventor. The inventors may at any time by mutual consent revise the Distribution of IP Earnings Agreement.

Powers to Amend IPR Policy

BVCPK, through its Board of Governors (referred to as BOG), will have the full power to make changes to the IPR policy or bring out a new policy as and when it is felt necessary. This can happen in view of changes in government policies or other national and international developments including treaties and legal judgments. The changes or the new policy shall be applicable to all faculty/students/project staff/supporting staff/visitors

Responsibility to Create/Amend Procedures and Processes for Implementation of IPR Policy

All inventors are responsible for compliance with government rules and BVCPK's policies and ordinances related to development and use of IP generated. In all activities arising out of implementation of IPR policy of the Institute, all faculty members/inventors are expected to avoid potential and mutual conflicts of interest.

The inventor(s) are required to disclose any conflict of interest or potential conflict of interest. If the inventor(s) and/or their immediate family have a stake in a licensee or potential licensee company then they are required to disclose the stake they and/or their immediate family have in the company. Under these circumstances, it must be ensured by the inventor(s) that their entrepreneurial activities do not have an adverse impact on inventor(s) teaching, research and any other institutional responsibilities.

Dispute Resolution

In case of any disputes between BVCPK and the inventors regarding the implementation of the IP policy, the aggrieved party may appeal to the Principal of BVCPK. Efforts shall be made to address the concerns of the aggrieved party. The Principal's decision in this regard would be final and binding.

Tahrin Usman Shaikh
Kolhapur

Dear Tahrin,

Congratulations! We have pleasure in offering you the position of **Associate Team Member**.

You will be paid **Monthly Gross Salary of Rs. 19,285/-**. Please report to work on or before **29 March 2023**, at **11:00 AM** along with the documents/items listed in the Annexure. This offer of employment is subject to background verification, antecedents and testimonials. You will be required to undergo training and the company will conduct regular performance evaluation.

You are initially appointed on a six monthly probation period. The Company reserves the right to extend the probation period at its sole discretion. Your services shall be deemed to be on probation until you receive a formal confirmation in writing. The Company reserves the right to terminate employment if your performance is not found to be satisfactory during the Probation period.

Your appointment is subject to you being found medically fit by the designated medical officer of the company. To this extent you will be required to undergo certain medical and drug (applicable only for Banking services employees) tests at the laboratory identified in the attached reference letter. Please contact the laboratory directly to fix up an appointment to ensure the reports reach us by **29 March 2023**.

This offer of employment is valid up to **29 March 2023**, beyond which this will be treated as cancelled.

You will be given a detailed appointment order upon joining the company and completing required joining formalities.

We welcome you to join the team envisioning to excel!

Yours sincerely,
