$$SGPA = \frac{C_1G_1 + C_2G_2 + C_3G_3 + C_4 \cdot ZERO + C_5G_5}{C_1 + C_2 + C_3 + C_4 + C_5}$$

19. Cumulative Grade Point Average (CGPA)

The CGPA is calculated with the SGPA of all the VIII semesters to two decimal points and is indicated in final grade report card/final transcript showing the grades of all VIII semesters and their courses. The CGPA shall reflect the failed status in case of F grade(s), till the course(s) is/are passed. When the course(s) is/are passed by obtaining a pass grade on subsequent examination(s) the CGPA shall only reflect the new grade and not the fail grades earned earlier. The CGPA is calculated as:

$$CGPA = \frac{C_1S_1 + C_2S_2 + C_3S_3 + C_4S_4 + C_5S_5 + C_6S_6 + C_7S_7 + C_8S_8}{C_1 + C_2 + C_3 + C_4 + C_5 + C_6 + C_7 + C_8}$$

where C_1, C_2, C_3, \dots is the total number of credits for semester I, II, III, and S_1, S_2, S_3, \dots is the SGPA of semester I, II, III,

20. Declaration of class

The class shall be awarded on the basis of CGPA as follows:

First Class with Distinction	= CGPA of 7.50 and above
First Class	= CGPA of 6.00 to 7.49
Second Class	= CGPA of 5.00 to 5.99

21. Project work

All the students shall undertake a project under the supervision of a teacher and submit a report. The area of the project shall directly relate any one of the elective subject opted by the student in semester VIII. The project shall be carried out in group not exceeding 5 in number. The project report shall be submitted in triplicate (typed & bound copy not less than 25 pages).

The internal and external examiner appointed by the University shall evaluate the project at the time of the Practical examinations of other semester(s). Students shall be evaluated in groups for four hours (i.e., about half an hour for a group of five students). The projects shall be evaluated as per the criteria given below.

Ripcord Pharmaceuticals,
Halsavade, Maharashtra.

Subject: Requesting permission for visiting your facility for one day.

This is a request letter to seek your kind permission for a visit to Ripcord Pharmaceuticals. The total number of students would be approximately 126 accompanied by three faculty members.

At this juncture, it is a pleasure for me to introduce to you, our college. Bharati Vidyapeeth College of Pharmacy, Kolhapur is a leading institute established in the year 1996 with a vision to impart quality pharma education and training at par with international standards. It is an institution with discipline as a principle, performance as habit and success as a journey. Looking at infrastructure, skilled human resource and performance, the institution has been granted permanent affiliation and accorded Lead Pharmacy College status by Shivaji University, Kolhapur and accredited by National Board of Accreditation. We also secured 74th rank in National level in National Institutional Ranking Framework (NIRF-2022) declared by Ministry of Health Resource Development (MHRD) Government of India.

We are one of the pioneering institutes involved in imparting pharma education, conducting D.Pharm., B.Pharm., M.Pharm courses in Pharmaceutics, Pharm. Chemistry, and Pharmaceutical Quality Assurance. The college is recognized Ph.D. research center of Shivaji University and Bharati Vidyapeeth University, Pune and work on various research projects funded by AICTE, CSIR, DST, UGC and Shivaji University, Kolhapur.

We would be immensely grateful to you if you could please allow us to visit the Ripcord Pharmaceuticals on 14th Mar 2023. Please sanction our request and inform us whether a change of date is required.

Thanking you.

FIELD VISIT

During our visit to Unichem Laboratories Ltd. Goa and Blue Cross Laboratories Ltd. Goa on 25th and 26th Feb 2023, we were fortunate to have Mr. Utkarsh Patil, Plant Head & Compliance Officer at Unichem Laboratories, and Mr. Dhanesh Singh, Sr. Manager - Personnel & Admin at Blue Cross Laboratories as our coordinators.

Throughout the visit, our hosts provided valuable insights into the pharmaceutical industry, with a focus on the following key areas:

At Blue Cross Laboratories:

- Adequate production capacities to meet the growing market requirements for various types of tablets, capsules, liquids, ointments, and creams.
- Utilization of modern, well-equipped facilities operated by competent and experienced personnel.
- Strict compliance with Good Manufacturing Practice (G.M.P.) requirements, as approved by local F.D.A. and W.H.O-G.M.P. authorities, as well as regulatory bodies in various overseas countries.
- State-of-the-art equipment, including a Flatbed blister pack machine and a liquid packing line.

At Unichem Laboratories:

- Extensive capabilities in tablet and capsule manufacturing.
- A Generic Research & Development division that is fully backward integrated to Active Pharmaceutical Ingredients (API) and Regulatory Starting Materials.

- A Process Research & Development (PR&D) department that focuses on developing non-infringing, novel, and cost-effective chemical processes for peptides, APIs, and intermediates.
- Research for advance intermediates for New Chemical Entities (NCEs) and selective NCE research for specific pharmacological targets.
- In-house use of developed APIs for formulation development, with the potential to supply APIs to major generic players in international markets and strategic business partners.

Additionally, Unichem Laboratories boasts a Formulation R&D facility aimed at:

- Developing formulations for sale in regulated markets such as the USA, Canada, Europe, and Brazil.
- Offering selective contract formulation development for generic companies targeting regulated markets.
- Collaborating with multinational pharmaceutical research companies for contract formulation development, particularly for NCEs intended for regulated markets.

Unichem Laboratories has also established a Biotechnology R&D center with pilot plant facilities in Goa, further highlighting their commitment to cutting-edge research and development in the pharmaceutical industry.

We extend our sincere appreciation to the teams at Unichem Laboratories and Blue Cross Laboratories for their warm hospitality and for sharing their expertise with us during our field visit.

Outcomes of the Field Visit

The field visit to Unichem Laboratories Ltd. Goa and Blue Cross Laboratories Ltd. Goa, which took place on 25th and 26th Feb 2023, yielded several valuable outcomes for the students. During the visit, the students:

1. **Gained Practical Insights:** They gained practical insights into pharmaceutical manufacturing processes, quality control standards, and various departments within the pharmaceutical industry.
2. **Raw Material Management:** They learned about the proper handling, storage, and testing of raw materials, as well as the categorization of materials as pass or rejected.
3. **Manufacturing Expertise:** The students gained a deep understanding of the manufacturing processes for tablets and capsules, including the coating of tablets.
4. **Quality Assurance:** They became familiar with the rigorous evaluation tests for finished pharmaceutical products and the testing procedures to identify defects in tablets.
5. **Packaging and Storage:** The students were exposed to the packaging and storage procedures for finished pharmaceutical products.
6. **Market Requirements:** They learned about Blue Cross Laboratories' capacity to meet the growing market requirements for various pharmaceutical forms, such as tablets, capsules, liquids, ointments, and creams.
7. **Compliance and Approvals:** Students understood that both Unichem and Blue Cross fully complied with Good Manufacturing Practice (G.M.P.) requirements and had approval from local F.D.A. and W.H.O.-G.M.P. authorities, as well as various overseas regulatory authorities.
8. **Advanced Equipment:** They were introduced to the state-of-the-art equipment and facilities, including a Flatbed blister pack machine and a liquid packing line at Blue Cross Laboratories.

Bharati Vidyapeeth College of Pharmacy, Kolhapur
